Program of Leadership 2022-2023

## DIVERSIFY YOUR COMMUNITY

By donating to local charities, partnering with other CTSOs, and reaching out to professional members and alumni members.

By preparing members for competition with practice resources, encouraging members to explore diverse career paths, and learning from business professionals.

## CREATE YOUR PATH

## ENERGIZE YOUR MEMBERSHIP

By recruiting new members, creating exciting events, and engaging with members through social media.

By being aware of your representatives, taking the initiative to reach out, and leaving a lasting impact in your community.
